

H&S, CDM Regulations: all products and materials to be used and handled in accordance with manufacturer's recommendations/instructions, and in accordance with good health and safety practice.
 A ground co-ordination survey may be required for any development that falls within, or is adjacent to, an area of former land fill.
 These drawings have been prepared to the stated scale and, provided they are reproduced to the same scale using accurate electronic methods, and subject to any statutory regulations to changes in liability and temperature, they are sufficiently accurate for the purposes for which they have been prepared. They should not be used for other purposes.
 All dimensions and levels to be checked on site, and discrepancies reported before works commence.
 FOR PLANNING PURPOSES ONLY

- NOTATION:**
- Pre-Application boundary line (33.49 Has approx.)
 - Adjoining land within the same ownership
 - Proposed areas of solar panels
